INFO INSIDE

**There is no

Dear Porsche Friends:

Spring is here and Summer not far behind, so we are enjoying our best Porsche weather and the season for some enjoyable events.

The next autocross is scheduled for Sunday May 23 at the Berle Manufacturing parking lot on Folly road. Registration is to start at 12:00 PM with first car out no later than 1:00 PM. Please arrive on time with your car prepped so that we can run the train on schedule.

We are hoping to schedule another event in the Beaufort area, possibly in July. Watch for the announcement! We would like to see our Savannah/Hilton-Head people have an opportunity to get involved. Anyone in that area who would like to host a social meeting please get in touch with me or Al Trego. (Ed. note: see front cover for phone numbers.)

The May meeting will be on the 20th at 7:00 PM at the Marina Variety Store Restaurant on Lockwood Drive, downtown. This is 1 week earlier than our usual meeting date. So, please take notice.

Kerry

AUTOCROSS - AUTO-CROSS

AUTOCROSS

Sunday, May 23

Berle Manufacturing Co.
1411 Folly Road
Just past K-Mart on the right.

Registration will begin at 12:00 PM
with the first car out at 1:00.

In addition to being a lot of fun, autocrossing really helps you learn the limits of your car, e.g., how quickly you can turn, accelerate, brake, etc. Very helpful experience when you need to evade the antics of some less-than-thoughtful driver on the road. After an autocross or two you will realize you can do much more than just slam on the brakes - especially in a Porsche. Try it - you'll like it.

Editor's Note Terry Ryan

Sunday ... April 18th ... 1999 ... the year of the passing of the Millennium.

The day dawned bright & sunny - a jewel of a South Carolina, Sunday morning. PCA Autocross day! One by one the sleek machines roll into the arena, low and close to the ground, predators all, stalking their prey. Their engines breath the low, deep rumble of a terrible, raging power barely restrained as they idle into the tech area. The drivers, flinty-eyed with nerves of steel and steady hands quiet the ominous growling snarl of their engines, swing open the doors and slowly emerge. Standing quietly, straight and tall they turn with unwavering gaze toward their competitors. Their eyes lock! Quickly they move forward, grace and balance of finely honed athletes visible in every motion. They close quickly with fire in their eyes until in the last instant their right hands thrust quickly forward each grasping the other, and in this instant the full meaning of PCA Autocross flashes across their faces as they shake hands and say, "Hi, great to see you. Is this a great day for an autocross or what?" Smiles light their faces as they go about final preparations of their cars and greet new arrivals. Autocross, do it. Drive safely, and drive your Porsche. Terry
