

SOLO II '70 REPORT

The weekend started on Friday for the group of us who needed to set up everything at the Savannah International Racetrack for the Solo II '70 event.

We- being Bob and Helen Furnans, Parker and Frankie Stokes, Allen Willis, and Don Montgomery- headed out around 5 p.m. for Savannah. Bob had to drive a motorhome which we used as headquarters for the event. We got to the track around 9 p.m. and immediately all the fellows had to test out the track. Finally around 2 a.m. Saturday morning we all managed to crawl into bed.

Saturday started early for us. The Warren Chards had arrived closely followed by Art Allison, Alan Nies, Mike Huggins, Conrad Plyler, Christian Stehr, and the Brian Smith family.

Don and several others started setting up the pylons, checking the track, etc. while Art was working on the electrical end. Warren Chard, the event chairman, was going from one job to the other working and keeping tags on everything.

Cars began arriving around 10 a.m.- believe it or not, we were ready ! I, with Diane's help, got everybody registered, all release forms signed, name tags on, etc. What a riot !!

Frankie Stokes and the Smith's seemed to be out on the corners all day- plus several guests helping out.

Conrad Plyler came through with his stop watches and Gail Summers, a guest from Jacksonville, along with Neida Pearlman, from Miami, kept times all day so the entrants would have some idea of the "lay of the land".

By that night everybody was exhausted and ready for the chicken and beer. This was ready fun and Palmetto members got a chance to meet some great people. To show you great we were as hosts- Don Montgomery spent the entire evening working on Mal Haughton's car, a Jacksonville entry, Don did much a good job that Malbarely lost to Christian Stehr the next day.

And our guests outdid themselves, too ! Besides timing, scoring, and helping on corners, the James Lynch's gave us the use of their luxurious van, or motorhome, for an ambulance, emergency hospital, etc. Thank goodness it wasn't needed, but what cooperation. Plus the Sonny Vogel's started all cars for us.

And before I start on the results- time out for a word on Brumos Porsche-Audi. John Gallo was at the track early Saturday and remained throughout the event doing whatever we asked. Sigmund Mayerlen, Brumos service manager, came Saturday- despite being sick- to help with tech. and answer questions. And the trophies- they were beautiful ! We put them on the guardrail as added incentive to the contestants !

And we had Steve Beizer in his 906 carrera hill climb car- the only one remaining ! What a beauty- it was worth the weekend to see the 906 perform and to see Stan Pearlman's red 911 S zoom around the track !

Twenty-one cars registered and were divided into classes of 1A- 356 production, 1B- 356 modified, 2A- 911 production, 2B- 911 modified, 3A- 912 production, 4L- ladies, and 5B- racing cars. The complete results are further on in the newsletter for your security.

The Top Time of the Day battle was among the three entries in 211 modified class. Steve Beizer in the 906 was having trouble getting through the gates, but remained an ever present threat !

Stan Pearlman won out. His car had already won 1st place in class at the Nor'east '70 concours and autocross, plus 1st at the Rebel Rennfast. Mike Vogel tried to outshine the master, but had to settle for 2nd TTD.

Maybe our region didn't get the two big silver bowls, but we did win 1st place in every class we entered ! That my friends is quite a feat- especially for our small size !

Thanks again to those who came from Carolina and Gold Coast Regions, plus the non-PCA's from Jacksonville. And to those Palmetto members who came- Warren Chard and his committee can't thank you enough for all your help.

Helen Furnans

OCTOBER 25th AUTOCROSS

Palmetto Region sponsored an open autocross at Miller's West on May. 7 on Sunday 25th of October.

Twenty-eight cars completed for trophies. An autocross resembles a miniaturized road course; in as the course layout should emphasize car handling skill and maneuverability.

The cars entered included 356's, 911's, Corvettes, Datsun 2000's, TR6, TR 4A, GT 6+, MGB, Lotus Europa, Fiat Abarth, and Formula Vee.

Palmetto Region gave a silver brandy snifter for the Top Time of the Day. This trophy was won by Paul Zobel who drove the Formula Vee.

Class trophy winners were as follows:

Class A: 1st L.K.Allen- Corvette
2nd Bob Furnans- 911S
3rd Chuck LeBrun- Corvette

Class B: 1st Don Wells- TR 6
2nd Allen Nies- 356
3rd A. Vojvoda- TR 4A

Class C: 1st W. Sutherland-
Fiat Abarth

Class B Modified:

1st M. Winans Datsun 2000

Class L: 1st Gail LeBrun Corvette

The Porsche Club will sponsor another autocross at Miller's on Sunday 22nd of November. Please plan now on attending.

Event chairman for the event is Art Allison.

HAPPY

THANKSGIVING

EVERYBODY !!!

AMERICAN ROAD RACE OF
CHAMPIONS

ROAD ATLANTA
GAINSVILLE, GEORGIA

(Contact Bob Furnans, Parker Stokes, Larry Hook or others for more information. Several members from our region are planning on going.)

LOOSE BEARINGS ?!!

Who ever dreamed of a chief race steward with one arm in a sling and the other wrapped in a bandage ?

Don, you really shouldn't wear those polka-dot drawers out in public ! You can't convince us they're bermudas.

Guys, watch out ! Frankie's time was only .3 tenths behind the 911 class at Savannah-- AND SHE HAD NO PRACTICE ON SATURDAY!!

Who has the stopwatches ? NO, NO, the other watches--WE CAN'T READ THESE!

Christian insists only brandy is going in his brandy snifter !

Don, may we borrow some cream and sugar? Hey, where'd you get all these goodies ?

Bees, what bees. Oh, those 5 million swarming, #*#&#!!/ bees !!

Bob, do you have to have bacon and eggs for breakfast ? O.K., O.K., I'm cooking.

Guess what ? You can hear everything over the track headsets ! And we mean everything !

Brian who ? A member of what region ?

1 a.m.- wake up, everybody !! There's a Greyhound coming -- and it's pulling a Porsche ! Maybe I did have one too many beers !

Watch out for that Ripple, Mike ! Could that have anything to do with winning ?

Bob and who in what trunk for how long ?!! Why I don't have a jealous bone in my body! (so why am I yelling?)

Who's on that motorcycle on the track?

LOOSE BEARINGS ?!!

Would somebody please tell me how to work this headsit ?

Art's car's on fire !

Sunday morning-- Hey, don't take that port-o-let away!! Go talk to them, Parker !

Wow, look at Pearlman go --

Anybody seen our nurse ? Anybody seen Mickey ?

Art, do you think you brought enough cold-slaw ?

Where's my helmet ? BUT I RUN NOW!!

Look at Willis's time ! He must think he's driving in the 911 modified class!

A red flag doesn't mean to hold the next car- it means you have a medical emergency! We found that out in a hurry !

And how about 3 turns being manned by the Smith family ! Thank goodness they came down ! (that's Brian who, Helen!!!)

Jody's in the hospital having a tonsillectomy- no wonder after working the tower all Sunday.

Palmetto Region won every class we entered at Savannah !

Did you see the mad scientist (A.A.) setting up the Miller's autocross ?

Would you believe the autocross was checked with the '55 pickup ?

Conrad's bought Parker's blue 356 cab.

Can you see the Furnans's house ? There must be $\frac{1}{2}$ dozen cars in their driveway ! Always !!!

And the one I drive is still dead ! Oh, woe to the housewife ! (HF)

After Allen's great showing at Savannah, his white bomb seemed to have bombed out at the SCCA autocross on the 18th. It's now in little pieces in guess whose garage !

Conrad left on a three week shakedown cruise (submarine). He'll be back for 2 days then they go for 6 months !!! Hopefully we'll get to see him at the Nov. 22 autocross.

He left us his watches, though !!
And his cars !! In the driveway!!

Please, no more oysters !!

Hook, here's another oyster for you--

We ate how many oysters ? Ohhhh, I'm going to be sick !

Who are all these people ? About $\frac{1}{2}$ of the people at the oyster roast were new members, hopefully.

Nothing like having a little oyster roast-- with side dishes of hotdogs, baked ham, cauliflower, celery, carrots, squash, devilled eggs, beer, etc.

Mary and Mike, many, many thanks!
You're terrific !!

Watch for Palmetto Region article in the December Panorama.

continued from 2nd column:

Conrad Plyler joined PCA in October. Conrad is the electronics officer of a submarine. He has been a very active member the past month and we hate to see him leave on a 6 month cruise.

Dr. Charles Scher came from California and joined Palmetto Region. Dr. Scher owes two beautiful speedsters.

Welcome, everybody !

Palmetto Region has seen several members transfer to other regions lately and we in turn have received some new transfers plus new PCA members .

It's with sad goodbyes that we bid Caroline and Bill Dillon farewell. Caroline has been pinch hitting for us the last few months as secretary-- thanks a million, Caroline; and Bill served last year as vice-president. They are going to Pennsylvania and Bill is continuing his education. Our lost is the Riesentoter Region's gain.

Nelson Durant, one of our good autocrossers, moved to Washington, D.C. in September. He's now in the Potomac Region and says they're fantastic ! They should be-- that region won first place at the PCA parade this year. Nelson is keeping us informed of the Washington happenings.

David Haupt is going to Miami-Dade Jr. College and has transferred to the Gold Coast Region. Don Cole is at the USAF Academy and joined Rocky Mt. Region.

We welcome Roy and Edna Heath of Greenville, S.C. and hope they can join us at an event soon. The Heath's are transfers from Hudson Champlain Region.

Central Iowa's loss was definitely our gain in Dr. Fred (and Lynne) Funke. Fred and Lynne came out to the autocross and oyster roast; they're great people.

Savannah saw us gain two new guys. Dr. Mickey O'Connell from Waycross, Ga. really fit right in and had a ball ! He has a new 911S Targa, silver--

James Levy from Sumter tried this sport of autocrossing, racing or whatever you call the Solo II and found he liked it. James is 18 and we believe a student at USC.

Welcome , everybody !
