

Palmetto Pipes

PCA Palmetto Region
May 2006

This morning as I crossed the Ashley River Bridge in my 911 I was reminded what the fascination is with these cars. The air was cool, the sun was glowing as it began to rise over Charleston, and the sound of that flat six was music to my ears. Only one thing to do...

Road Trip

Who else needs a Road Trip??? May not be soon enough but we are going to Bob Woodman's Tire Shop in Beaufort on May 6th — We will gather at 8:30AM at the Citadel Mall parking lot near "Sears" end of the mall— For any that are interested, the Saturday morning breakfast club will be at Trotter's at 7:30 as usual before heading over to the Mall parking lot. We will convoy down to Beaufort with some fun side legs thrown in for interest... Have your best glasses on to find the answers to a few questions during the drive down—Prizes will be awarded to the "sharp eyes" in the group— Lunch and a tech session will be provided at Bob's then you can head back or for those that wish you can take in some of the scenery of our neighbors to the south.

Porsche Parade Charlotte

Carolina's Region, as many of you know, is hosting the 2008 Porsche Parade. It's not too early to start planning to attend. Quite possibly this will be the closest to our area that this event comes for many years. We as a club should also begin making plans to be a part of what is PCA's largest event.

Members Corner

We would like to welcome a new member this month. Bob Blenis who now lives in Summerville is transferring into our region from Carolinas Region in the Columbia area. Welcome to the Low-country Bob.

What's Next???

Those in attendance at our April meeting took part in an open discussion about future wants and wishes for the club. Some info was gathered concerning the possibilities of hosting or co-hosting a driver education event in the future. At present Roebing Road is booked not only for this year but for 2007 as well. Doug Bunch and Andy Stallworth, who both have tons of experience with track events, agreed to investigate further and decide if this is an avenue we would like to take.

Other events were discussed such as road rallies, track trips to attend major races, auto-cross, etc. All were well received and it seems as usual any event that brings such a great group together and involves Porsches will be welcomed.

We do have several events planned for the near future including May's trip, a Saturday trip to Myrtle Beach, and a late summer trip to the mountains of NC. Keep an eye out for more info.

Also, know that suggestions for future opportunities and events are always welcomed.
