Leland-West Insurance Brokers, inc. of Fresno, Ca. has put together a special auto insurance program for Porsche owners and is endorsed by the Porsche Club of America. The intent of the new program is to provide coverage for Porsche enthusiasts with good driving records who provide excellent care and protection of their Porsche. They can only drive their Porsche for pleasure and NOT for daily transportation. There are very strick limitations and restrictions which must be met before the coverage can be written. However the savings compared to other Insurance rates are substantially lower. In some cases up to 80% less!!

Now before you run out and try to get a policy for your Porsche I need to tell you that it is currently available in only 44 states. South Carolina is NOT one of the 44.

For futher information you can write or call:
